AES BLUE

Premium Lithium Battery

AES BLUE LiFePO₄ BATTERIES

Discover Energy Systems **AES BLUE** LiFePO₄ batteries offer BMS-controlled safety, long life, lightning-fast charging performance and real-time Bluetooth access to battery state-of-charge, voltage, current, and temperature status.

AES BLUE batteries are designed for motive and mobile applications with a strong focus on safety and ease of installation, and incorporate a field-serviceable fuses, self-heating* and IP67 rating for wet and humid environments.

CHARGES FASTER

- Up to 5x faster than new lead-acid batteries
- 2x faster than lithium batteries with a low current C/2 rate BMS
- Opportunity charge at 1C rate anytime, regardless of SoC

QUICK INSTALL

- Fast installation, no special tools
- Field replaceable fuse protection

HEATING*

- Integrated self-heating for cold applications.

LASTS LONGER

- 10x the life of lead-acid battery (BCI-06)
- Energy throughput performance guarantee

RUNS LONGER

- Double the runtime of similar sized lead-acid
- 100% usable capacity

Peak Discharge (3 sec)		300 A RMS	120 A RMS	375 A RMS	300 A RMS

* AES BLUE 12V models feature self-heating
UN 38.3 Transport Safety Certified

BLUETOOTH APP

AES BLUE LiFePO₄ batteries feature a Discover Bluetooth® App that gives real-time access to battery State of Charge, voltage, operating current, temperature, and other operating information.
