# LITHIUM<sup>BLUE</sup>

Premium Lithium Battery

## LITHIUM BLUE LiFePO<sub>4</sub> BATTERIES FOR MARINE/RV

Discover Energy Systems **Lithium BLUE** LiFePO<sub>4</sub> batteries offer BMS-controlled safety, long life, lightning-fast charging performance and real-time Bluetooth access to battery state-of-charge, voltage, current, and temperature status.

**Lithium BLUE** batteries are designed for motive and mobile applications with a strong focus on safety and ease of installation, and incorporate a field-serviceable fuses, self-heating\* and IP67 rating for wet and humid environments.

### CHARGES FASTER

- Up to 5x faster than new lead-acid batteries
- 2x faster than lithium batteries with a low current C/2 rate BMS
- Opportunity charge at 1C rate anytime, regardless of SoC

### QUICK INSTALL

- Fast installation, no special tools
- Field replaceable fuse protection

### HEATING\*

- Integrated self-heating for cold applications.

### LASTS LONGER

- 10x the life of lead-acid battery (BCI-06)
- Energy throughput performance guarantee

### RUNS LONGER

- Double the runtime of similar sized lead-acid
- 100% usable capacity

UN 38.3 Transport Safety Certified

## BLUETOOTH APP

Lithium BLUE LiFePO<sub>4</sub> batteries feature a Discover Bluetooth® App that gives real-time access to battery State of Charge, voltage, operating current, temperature, and other operating information.

## PROTECT YOUR INVESTMENT

Field serviceable fuse to protect your investment from user and application abuse or misuse.

## BUILT IN HANDLE

For easy carrying.
